WORK EXPERIENCE

Online Shop

2020-NOW

Creating and Development

Laravel and Livewire are great pair for designing the architecture of the website that fully qualified for AJAX behaviour and REST APIs

- developing well-organized, maintainable, object-oriented, unit-tested code
- developing highly scalable and composable RESTful APIs

EDUCATION

2010-2013

Software Engineering

University Of Mazandaran

2017-2020

Software Engineering

Azad University of Neka

My main project was about

[watchman route problem](#)

that is about the smallest

routing path a watchman

should go to see all the

space on the room –

available on my github

github.com/sajjadabd
